Windsor, Nova Scotia**

On May 8, 2006, Dr. Mark Kazimirski, of Windsor, Nova Scotia, consented to a reprimand issued by Investigation Committee “A” of the College.

The consensual reprimand arose from a complaint in relation to certain services performed by Dr. Kazimirski in his observership of an international medical graduate. With respect to the performance of Dr. Kazimirski, Investigation Committee “A” determined that the following were deserving of reprimand:

- Submission of billings to MSI and receipt of payment for 12 medical services provided by an international medical graduate to patients on August 15 and 22, 2005.
- Failure to abide by his Sponsorship Agreement with the College and Capital District Health Authority with regard to the location of the observership.
- Failure to follow the College’s policy regarding clinical observership for international medical graduates.
- Failure to adhere to the terms of his correspondence with the Capital District Health Authority outlining the intended scope of the international medical graduate’s clinical activities.

Dr. Kazimirski has agreed to repay to MSI any monies inappropriately paid to him for medical services provided by the international medical graduate on August 15 and 22, 2005.

The Committee’s decision constitutes a finding of professional misconduct and will be entered on Dr. Kazimirski’s formal discipline record.
